Re: Application S1-28727 for Short Authorization for Beneficial Use of Public Water

Dear Mr. Sussex:

Pursuant to your request of May 25, 2012, the Water Resources Program Northwest Regional Office approves the short term use of surface water from the Duwamish Waterway for use in sinking concrete caissons during construction of bridge foundations for the South Park Bridge #3179 (King County CIP Project #300197).

The use of surface water under this Short Term Authorization shall commence no earlier than June 6, 2012 and shall cease no later than December 31, 2012.

An instantaneous quantity (Q_i = pumping rate) of 2,000 gpm is authorized with a maximum daily withdrawal not to exceed 200,000 gallons.

This authorization in no way removes the requirements for the applicant to receive permits or approval for its project from Ecology's Water Quality Program (RCW 90.48) or for hydraulic project approval from the Department of Fish and Wildlife (RCW 77.55).

You have a right to appeal this action to the Pollution Control Hearing Board (PCHB) within 30 days of the date of receipt of this document. The appeal process is governed by Chapter 43.21B RCW and Chapter 371-08 WAC. "Date of receipt" is defined in RCW 43.21B.001(2).
